The University President Pays a Sudden Visit to the Faculty of engineering in Benha

Prof.Dr. EL-Sayed EL-Kady, the university president asserts on the importance of regular maintenance of the faculty's machines to meet the future requirements. He also stresses that the relationship between the professor and the student should be good in the educational process and he also stresses on the importance of the quality of medical service of the students.

These statements concur with his sudden visit to the Faculty of engineering in Benha in the presence of prof.Dr. Sameh Nada, the faculty dean, prof.Dr. Araf Soliman, the faculty deputy of education and student affairs, prof.Dr. Ahmed EL-Asal, the manager of the Quality assurance unit, prof.Dr. Ahmed EL-Bitar, the head of the mechanics department, prof.Dr. Asraf Shawky, the head of the electronics department and Mr. Samir Abu-EL-Foutoh, the faculty manager.
