

Invitation to The First IEEE EMBS International Student Conference

Dear beloved Students “Undergrad& Postgrad”,

It is our honor to invite all of you to the first international IEEE EMBS student conference which is a scientific conference and a first event of a kind.

This conference will be under the umbrella of IEEE and its society EMB and it will be held on October 2013, Cairo university. Cairo, Egypt

Our conference is “By students for students” event which means that all the parts participating in this event will be students “organizers, speakers, reviewers, track chairs” so it will be a very nice thing for you to participate or even attend

In this unique conference you have the chance to:

- Attend to get knowledge from other students
- Attend to get a certificate
- Attend to find a suitable research area or know more about your research area
- Present with a paper about your work
- Do a poster session about your paper
- Show others your graduation project
