INTRODUCTION	1
LITERATURE REVIEW	3
MATERIALS AND METHODS	21
RESULTS AND DISCUSSION	34
I. F_1 generation	34
A. Analysis of variance, mean squares for F_1 generation ...	34
B. Heterosis	48
C. Analysis of variance for combining ability	63
D. Association studies for F_1 crosses Yield	82
II. F_2 generation	92
A. Analysis of variance, mean squares for F_2 generation ...	92
B. Remain heterosis	96
C. Analysis of variance for combining ability	103
