ACKNOWLEDGEMENT	
INTRODUCTION	1
REVIEW OF LITERATURE.....	3
I. Vegetative growth behaviour.	4
II. Foliage productivity in respect of fresh and dry foliage yield potentialities	19
III. Chemical composition.....	25
IV. Digestibilities and nutritive value	33
MATERIALS AND METHODS.....	41
RESULTS AND DISCUSSION	55
I. Vegetative growth behaviour	55
I.1. Botanical composition	55
I.2. Frequency.....	64
I.3. Abundance	68
I.4. Coverage	73
I.5. Density	78
II. Foliage productivity	84
II.1. Fresh yield	84
II.2. Dry yield	92
III. Chemical composition.....	101
III.1. Crude protein.....	101
III.2. Total carbohydrates.....	107
III.3. Crude fiber	112
III.4. Total ash	117

CONTENTS (Cont.)

	Page
III.5. Ether extract.....	123
III.6. Sodium content	128
III.7. Potassium content	133
IV Digesibilities and nutritive value	139
IV.1. Chemical composition	139
IV.2. Dry matter disappearance	142
IV.3. Organic matter disappearance	144
IV.4. Crude protein disappearance.	146
