Introduction.....	1
Aim of investigation.....	3
Review of Literature.....	4
Materials and Methods.....	21
Results and Discussion.....	28
Effect of gamma irradiation and storage on the physical and chemical properties of soybean oil...	28
Chemical composition of the residual meals of irradiated and non-irradiated soybean seeds.....	33
Effect of gamma irradiation on trypsin inhibitory activity.....	36
Effect of gamma irradiation on fatty acids compo- sition of soybean oil.....	39
Effect of storage on the fatty acids composition of oils extracted from un-irradiated and irradi- ated soybean seeds.....	48
Effect of gamma irradiation on the unsaponifiable matter components of soybean oil.....	57
Effect of storage on unsaponifiable matter compo- nents of soybean oils.....	68
Effect of gamma irradiation on polar and non- polar fractions content of unsaponifiable matter of soybean oils	78
SUMMARY & CONCLUSION.....	82
REFERENCES.....	88
