	PAGE
INTRODUCTION	1
AIM OF INVESTIGATION	2
REVIEW OF LITERATURE	3
MATERIAL AND METHOD	47
RESULTS AND DISCUSSION	58
1- Chemical composition of raw material	58
2- Amino acid content of wheat gluten	60
3- Amino acid content of corn gluten	63
4- Amino acid content of Casein	66
5- Amino acid content of defatted soy flour	69
6- Reolical Properties	72
7- Farinograph Test	72
8- Extensograph Test	100
9- Organolyptic evaluation of pan bread.....	124
10- Organolyptic evaluation of balady bread	132
11- Organolyptic evaluation of balady bread (wheat flour 82% + corn flour)	140
12- Chemical Composition and Amino acid of pan bread ...	148
13- Chemical Composition and Amino acid of Balady bread	164

14- Chemical Composition and Amino acid of balady bread (wheat flour 82% + corn flour).....	180
15- Chemical Score of Pan bread	196
16- Chemical Score of balady bread	198
17- Chemical Score of balady bread (wheat flour 82% + corn flour).....	200
18- Biological evaluation of balady bread	202
♦ SUMMARY AND CONCLUSION	207
♦ REFERENCES	215
♦ ARABIC SUMMARY.....
