1. INTRODUCTION	1
2. REVIEW OF LITERATURE	3
* Seed Germination	
Effect of water treatments and temperature on seed germination	11
Effect of Solvents.	14
Effect of Gibberellins on seed germination .	16
Effect of Inhibitors on seed germination.	19
* Rooting of Cuttings of <u>Ficus elastica</u>	
I. Effect of Planting Date	21
II. Effect of Growth Regulators	22
II.a. Effect of IBA on rooting	22
II.b. Effect of Kinetin on rooting	23
3. MATERIALS AND METHODS	24
4. RESULTS AND DISCUSSION	29
I. Effect of Some Physical and Chemical treat- ments on germination of seeds (Shrubs) . . .	29
I.1. <u>Cassia didymobotrya</u> .	
I.1.a. Cold and hot water treatments H.W.T's. .	29
I.1.b. Effect of peat moss and sulfuric acid treatments	31

	Page
I.2. <u>Cassia goluca.</u>	
I.2.a. Cold and hot water treatments H.W.T's. .	35
I.2.b. Effect of peat moss and sulfuric acid treatments	37
I.3. <u>Cassia modesta.</u>	
I.3.a. Cold and Hot water treatments H.W.T's...	43
I.3.b. Effect of peat moss and sulfuric acid treatments	45
II. Chemical analysis	50
III. Effect of some physical and chemical treat- ments on germination of seeds (Trees). . .	57
III.1. <u>Cassia fistula.</u>	
III.1.a. Cold and hot water treatments (H.W.T's)	57
III.1.b. Effect of peat moss and sulfuric acid treatments	59
Chemical analysis	64
III.2. <u>Acacia farnesiana.</u>	
III.2.a. Cold and hot water treatments (H.W.T's)	70
III.2.b. Effect of peat moss and sulfuric acid treatments	72
Chemical analysis	76
III.3. <u>Acacia arabica.</u>	
III.3.a. Cold and hot water treatment (H.W.T's)	82

III.3.b. Effect of peat moss and sulfuric acid	
treatments	84
Chemical analysis	88
III.4. <u>Olea europaea</u> .	
III.4.a. Cold and hot water treatments (H.W.T's)	93
III.4.b. Effect of peat moss and sulfuric acid	
treatments	93
III.4.c. Effect of sodium hydroxide and sodium	
carbonate solution treatments.	96
Chemical analysis	102

Second Experiment.

Effect of IBA, Kinetin and Kinetin x IBA on the	
propagation of <u>Ficus elastica</u> var. <u>decora</u>	106
I. Effect of IBA	106
I.a. Terminal cuttings.	106
I.b. Middle portion cuttings	106
I.c. Leaf bud cuttings	110
II. Effect of kinetin	110
II.a. Terminal cuttings	110
II.b. Middle portion cuttings	110
II.c. Leaf bud cuttings	113

	Page
III. Kinetin x IBA effect	113
III.a. Terminal cuttings	113
III.b. Middle portion cuttings	116
III.c. Leaf bud cuttings	116
IV. Chemical analysis	118
5. SUMMARY	122
6. LITERATURE CITED	131
7. ARABIC SUMMARY.
