INTRODUCTION	1
REVIEW OF LITERATURE. -----	3-13
MATERIALS AND METHODS -----	14-19
RESULTS AND DISCUSSION -----	20-67
A- Effect of foliar application with potassium -----	20
I – Days to 50% tasseling and silking -----	20
II – Growth characters -----	22
1- Plant height. -----	22
2-Ear height. -----	22
3- Stem diameter. -----	24
4- Number of green and total leaves per plant. -----	25
5- Ear leaf area. -----	25
6- Fresh weight of different plant organs. -----	26
7- Dry weight of different plant organs. -----	26
III- Total chlorophyll in ear leaf. -----	27
IV – Grain yield and its components. -----	29
1- Ear length. -----	29
2- Ear diameter. -----	29
3- Number of rows / ear -----	30

4- Number of kernels / row. -----	31
5- Ear weight. -----	31
6- Grain yield / ear. -----	31
7- 100 – kernel weight. -----	32
8- Shelling percentage. -----	32
9- Grain yield (kg/ fed). -----	33
V - Chemical composition. -----	34
1- Nitrogen percentage and N – uptake. -----	34
2- Phosphorus percentage and P – uptake. -----	36
3- Potassium percentage and K – uptake. -----	37
4- Iron (mg/kg) and Fe – uptake. -----	37
5- Total carbohydrate percentage and total carbohydrate yield. -----	38
B- Effect of foliar application with iron : -----	39
1- Days to 50% tasseling and silking -----	39
II – Growth characters -----	40
1- Plant height. -----	42
2- Ear height. -----	43
3- Stem diameter -----	43
4- Number of green and total leaves per plant. -----	43
5- Ear leaf area. -----	44

6- Fresh weight of different plant organs. -----	44
7- Dry weight of different plant organs. -----	45
III – Total chlorophyll in ear leaf. -----	46
IV – Grain yield and its components -----	48
1- Ear length. -----	48
2- Ear diameter. -----	48
3- Number of rows / ear. -----	49
4- Number of kernels / row. -----	50
5- Ear weight. -----	50
6- Grain yield / ear. -----	51
7- 100 – kernel weight. -----	51
8- Shelling percentage. -----	52
9- Grain yield (kg/fed). -----	52
V – Chemical composition. -----	53
1- Nitrogen percentage and N – uptake. -----	54
2- Phosphorus percentage and P – uptake. -----	55
3- Potassium percentage and K – uptake. -----	56
4- Iron content and Fe – uptake. -----	56
5- Total carbohydrate percentage and total carbohydrate yield. -----	57
C- Interaction effect -----	58-67

SUMMARY -----	68-72
LITERATURE CITED. -----	73-82
ARABIC SUMMARY. -----	٧-١
