

Shedeed, M.R., F.R. Fatma, A. El-Moursi and K.C. El-Din (1984).
Growth and essential oil content of Mentha piperita L.
as affected by kinetin and cycocel treatments.
The first Arab Conference of medicinal plant, Cairo,
17 - 21 Nov. (1984).

Shoushan, M. Abd-El-Alim, El-Gangaini, N. M. Abdallah, and
A.A. Badawy (1980).
Preliminary studies on the effect of gibberellic acid
and Naphthalene acetic acid on growth and cardiac
glycosides content in Adonis autumnalis L.
Z. Acker U. Pflanzenbau (J. Agric. and Crop Sci.) 149,
376 - 382.

Singh, J.N., and D. P. Singh (1970).
Effect of phosphate fertilization and seasonal variation
on Japanese mint "Mentha arvensis L. var. piperassens".
Soil Sci. Plant Nutr. 16 (1) : 95 - 101.

Singh, U.B., and M.K. Jain (1971).
Studies on yield and quality variations in coriander.
Ind. Jour. of Agron. 15 (3), 223 - 226.

Singh, U.P., S.P. Tomer and R.S. Rathi(1971).
Effect of N-application of NPK and varing irrigation
levels on the production of small seeded coriander.
Indian Jour. of Agronomy 6 (3), 313-315.

Singh, V.P. (1979).
Response of Japanese mint (Mentha arvensis Lin.) to
phospatic fertilizers.
Ind. Jour. of Pharmaceutical Sci. 41 (5), 202-203.

Singh, V.P., A.K. Bhattacharya and A.K. Singh (1983).

Effect of N and P-fertilizers on the herb and oil yields and the quality of Mentha citrata oil. Ind. Perfumer, 27 (1), 24-27.

Singh, V.P., S.P.S. Duhan (1979).

Response of spearmint (Mentha spicata Lin) to N in Taria region of Natnital Indian Jor. of Pharmaceutical Sc. 41 (2), 87 - 88.

Skrubis, B. G. (1964).

Effect of fertilizers on the yield of herb and oil composition of the peppermint plants perf. ess. oil Rec. 55 (2) : 655 - 667.

Snedecor, G.W. (1962).

Statistical Methods. Iowa state, College Press, Amer. U.S.A.

Turbina, V. N. (1945).

Development, yield and oil content of coriander in relation condition of mineral nutrition. Dack lody voesuyies, saveshchamyier, lizial. Resteniz No. 2, 77 - 90. (c.f. Chem. Abst. 39 : 6033a (1946)).

Vandysheva, V.I. (1983).

Effect of some growth regulators on the development and essential oil content of garden sage. Dekor.Rast. Izelon st.va Frunze U.S.S.R. 4, 60-66. (c.f. Hort. Abst. 54 (10), 7459 (1984)).

Verma, V.P.S. and R.R. Fernandez (1983).

Effect of different levels of nitrogen on *Mentha* sp.
Ind. Perf. 27 (2), 126 - 134.

Waglarz, Z. (1983).

Attempts on raising the productivity of coriander
(*Coriandrum sativum* L.) by using chlorocholine.
Herb polanica 29 (2), 113 - 117.

White, R.P., D.C. Munro and B.J. Sandars (1974).

Nitrogen, potassium and plant spacing effect on yield,
tuber size, specific gravity and tissue N,P and K of
noted Gum potatoes, Canada.
J. Plant Sci. 54, 535 - 539.

Zaki, M. El-Said, I.M. Abd Alla, and M.F. Abdel-Hamid (1979).

Tomato growth yield and chemical composition of plant
and fruits as affected by different CCC and B-9 rates.
Zagazig Jour. of Agric. Res. 3 (1).

Zaki, M., El-Said, I.M., Abd Alla, R.M. Helal and A.S. Amer
(1981).

Preliminary investigation on the effect of IBA, and
NAA foliar sprays on growth, yield and quality of tomato.
Res. Bull. Fac. Agric. Ain Shams Univ. 1622.

Zal, Tafas, A.A. (1975).

The uptake of phosphorus by coriander from different
phosphorus fertilizers. Trudy vni Efirnomaslich kal,
tur, 8, 144-149. (c.f. Hort. Abst. 47 (10), 9744 (1977)).
