Subject	Page
1. INTRODUCTION	1
2. REVIEW OF LITERATURES	4
1. Effect of NPK fertilization on:	4
1.1. Vegetative growth	4
1.2. Flowering.....	14
1.3. Chemical composition.....	22
2. Effect of irrigation intervals on :	31
2.1. Vegetative growth.....	31
2.2. Flowering	34
2.3. Chemical composition.....	34
3. MATERIAL AND METHODS	37
Plant material	37
1) The first experiment.....	38
1) The second experiment.....	40
3) Antimicrobial activity	42
Chemical analysis.....	43
4. RESULTS AND DISCUSSION	44
4.1. The first experiment: Effect of N, P and K fertilization on vegetative growth, flowering and chemical composition of <i>Gerbera jamesonii</i> L. during first and second seasons after one or two years age of plants.....	44
4.1.1. Vegetative growth parameters.....	44
4.1.1.1. Number of leaves / plant.....	44
4.1.1.2. Mean length of leaves (cm).....	45
4.1.1.3. Number of offsets per plant.....	45
