1. Introduction	<i>1</i>
2. Review of literature	<i>4</i>
2.1 Chemical composition of raw materials.....	<i>4</i>
2.1.1 Wheat flour.....	<i>4</i>
2.1.2 Corn meal.....	<i>5</i>
2.1.3 Barley flour.....	<i>7</i>
2.2 Evaluation of chemical, physical and sensory properties of cake products.....	<i>8</i>
2.2.1 Chemical evaluation of cakes.....	<i>8</i>
2.2.1.1 Chemical evaluation of crackers.....	<i>12</i>
2.2.2 Physical properties.....	<i>13</i>
A: Rheological properties of the basic material Farinograms, Extensograms.....	<i>13</i>
B1: Staling (AWRC%).....	<i>17</i>
B3: Effect of improvers on staling.....	<i>18</i>
2.2.3 Sensory evaluation.....	<i>21</i>
3. Materials and Methods	<i>24</i>
3.1 Materials	<i>24</i>
3.1.1 Source of samples.....	<i>24</i>
3.1.1.A Wheat flour.....	<i>24</i>

	<i>Page</i>
3.1.1.B Corn meal.....	24
3.1.1.C Barley flour.....	24
3.1.1.D Mahlab.....	24
3.1.1.E Malt.....	24
3.1.2 Sources of improvers.....	24
3.2 Methods.....	25
3.2.1 Preparation of barley flour.....	25
3.2.2 Preparation of corn meal.....	25
3.2.3 Preparation of blends.....	25
3.2.3.A For butter cakes.....	25
3.2.3.B For sponge cakes.....	26
3.2.3.C Formula for cracker products.....	26
3.2.4 Analytical methods.....	27
3.2.4.A Chemical analyses.....	27
3.2.4.A1 Determination of moisture, total protein, total lipids and ash contents.....	27
3.2.4.A2 Determination of total carbohydrates.....	27
3.2.4.A3 Determination of protein digestability.....	27
3.2.4.A4 Determination of minerals content.....	27
3.2.4.B Physical properties.....	27
3.2.4.B1 Farinograph test	28
3.2.4.B2 Extensograph test	28

	<i>Page</i>
3.2.4.B3 Determination of alkaline water retention capacity (AWRC%).....	29
3.2.4.B4 Determination of hardness by penetrometer instrument.....	29
3.2.5 Sensory evaluation.....	30
3.2.6 Statistical analyses.....	30
4. Results and discussion	31
4.1 Approximate chemical composition of raw materials	31
4.2 Approximate chemical composition of cake products	34
4.2.1 Butter cake (controls).....	34
4.2.2 Sponge cake.....	34
4.2.3 Butter cake by different ratios of different substitutions.....	35
4.2.4 Sponge cake by different ratios of different substitutions.....	39
4.2.5 Cracker products with corn meal substitution....	41
4.3 Approximate minerals content mg/100gm of raw materials, products as butter cakes, sponge cakes and cracker products.....	44
4.3.1 For raw materials.....	44
4.3.2 For butter cakes with/without improvers.....	45
4.3.3 For sponge cakes with/without improvers.....	46
4.3.4 For butter cakes with different substitutions.....	48

	<i>Page</i>
4.3.5 For sponge cakes with different substitutions	49
4.3.6 For cracker products.....	51
4.4 Physical properties of raw materials.....	52
4.4.1 Study of rheological properties of farinograph and extensograph.....	61
4.5 Effect of adding different improvers on wheat flour 72% extraction of cake staling.....	68
4.5.1 Effect of adding improvers on staling of butter cakes.....	69
4.5.2 Effect of adding improvers on staling of sponge cakes.....	71
4.5.3 Effect of adding pectin on butter cake on staling	74
4.5.4 Effect of adding lecithin on butter cake on staling	78
4.5.5 Effect of adding CMC on butter cake on staling	82
4.5.6 Effect of adding pectin on sponge cake on staling	85
4.5.7 Effect of adding lecithin on sponge cake on staling	90
4.5.8 Effect of adding CMC on sponge cake on staling	92
4.6 Organoleptic properties.....	95
4.6.1 Organoleptic properties of butter cakes with/without improvers (pectin, lecithin, CMC).....	96

	<i>Page</i>
4.6.2 Organoleptic properties of sponge cakes with/without improvers (pectin, lecithin, CMC).....	98
4.6.3 Organoleptic properties of butter cakes with pectin	100
4.6.4 Organoleptic properties of butter cakes with lecithin.....	101
4.6.5 Organoleptic properties of butter cakes with CMC	105
4.6.6 Organoleptic properties of sponge cakes with pectin	106
4.6.7 Organoleptic properties of sponge cakes with lecithin.....	109
4.6.8 Organoleptic properties of sponge cakes with CMC	112
4.6.9 Organoleptic properties of cracker products....	114
5. Summary	116
6. References	122
7. Arabic summary.
