**Srivastava, A.K. and Srivastava, O.P. (1991).**

Cation exchange capacity in relation to pH in salt-affected soils.

J.Ind. Soc. Soil Sci., 39:355-357.

**Srivastava, A.K and Srivastava, O.P. (1992).**

Distribution of various forms of potassium in salt affected soils and changes of reclamation .

J. Potassium Res., 8 :31-37.

**Srivastava, A.K and Srivastava, O.P. (1993).**

Forms of soil nitrogen in relation to pH .

J. Ind. Soc. Soil Sci. , 41:551-553.

**Standly, J; Thomas, G.A; Heather, A.A and Suzanne, B. (1990).**

Decreases over seven years in subsoil nitrate in vertisol with grain sorghum and grass..

Plant and Soil, 125:1-6.

**Subba Roa,A. (1984).**

A note on the need to develop soil test for assessing the long-term potassium supplying power of soils. Potash.Rev.Subj. , 5/50.

**Tahir, S.M and Gote, O.B. (1980).**

Potassium status of crop in Pakistan and the research needs.

Potach. Rev. Subj., 5/46.

***B.D. (1993).***

Effect of added K and incubation time on transformation of available K and non exchangeable K in different soils of Maharashtra.

J. Ind. Soc. Soil Sci., 41 :238-242.

***(1980).***

Hydraulic conductivity as affected by moisture stress and  $\text{Na}^+$ :  $\text{Mg}^{++}$ ,  $\text{Ca}^{++}$  ratio.

Egypt J. Soil Sci. , 20:179-186.

***Tewfick, Y. (1965).***

The effect of irrigation with saline waters on some chemical and physical properties of the soils.

M.Sc. Thesis, Fac. of Agric. , Ain Shams Univ., Egypt.

***Thompson, L.M. (1957).***

Soil and soil fertility 2nd Ed. Mc Graw Hill Book Co., Inc. , New York .

***Thorne, D.W. and Peterson , H.B. (1954).***

Irrigated soils .

The Blackistan Co., Inc. New York.

***Tiwari, K.N. and Dev, G. (1985).***

Potassium availability in soils growing wheat.

Potash Rev. Subj. 1/4.

***Turguttophas , M. (1977).***

Determination of K fixation capacities of the alluvial soils in the vicinity of Erzurum and some factors affecting capacity .

Potash Rev. subj. 4/24.
