1. INTRODUCTION	1
2. REVIEW OF LITERATURE	3
2.1. Physiographic features	3
2.1.1. Location.	3
2.1.2. Climate.	3
2.1.2.1. Temperature.	4
2.1.2.2. Precipitation	7
2.1.2.3. Evaporation.	7
2.1.2.4. Wind speed.	7
2.1.3. Geology.	8
2.1.4. Geomorphology.	20
2.1.5. Natural vegetation.	26
2.1.6. Main soil characteristics.	28
3. MATERIALS AND METHODS.	40
3.1. Field work.	40
3.2. Laboratory analysis.	44
3.3. General analyses.	44
3.4. Specific analyses.	45
3.4.1. Separation of the sand fraction.	45
3.4.2. Separation of the clay fraction.	46
3.5. Soil Taxonomy.	47
3.6. Land evaluation.	47
4. RESULTS AND DISCUSSION.	49
4.1. Soil characteristics.	49
4.1.1. Soils of the Eastern Nile Delta (region 1).	49
4.1.1.1. Soils of young deltaic plain.	49
4.1.1.2. Soils of old deltaic plain.	54
4.1.1.3. Soils of fluvio marine plain.	59
4.1.1.4. Soils of wadi El- Tumulat.	62
4.1.1.5. Soils of the structural plain.	65
4.1.2. Soils of the Western Nile Delta (region 2).	71
4.1.2.1. Soils of young deltaic plain.	71
4.1.2.2. Soils of old deltaic plain.	75

4.1.2.3. Soils of fluvio marine plain.	79
4.1.2.4. Soils of alluvial deposits of desert wadi.	82
4.1.2.5. Soils of inland dunes.	85
4.2. Grain size analyses.	91
4.2.1. Soils of the Eastern Delta (region 1).	95
4.2.2. Soils of the Western Delta (region 2).	95
4.3. Trace elements distribution.	117
4.3.1. Soils of the Eastern Nile Delta (region 1).	118
4.3.1.1. Total iron.	118
4.3.1.2. Total manganese.	122
4.3.1.3. Total zinc.	123
4.3.1.4. Total copper.	125
4.3.2. Soils of the Western Nile Delta (region 2).	128
4.3.2.1. Total iron.	128
4.3.2.2. Total manganese.	130
4.3.2.3. Total zinc.	131
4.3.2.4. Total copper.	133
4.4. Mineralogy of the sand fraction.	134
4.4.1. Light minerals.	137
4.4.2. Heavy minerals.	140
4.4.3. Uniformity of soil materials	154
4.5. Mineralogical analysis of the clay fraction.	156
4.5.1. Soils of the Eastern Nile Delta (region 1).	157
4.5.2. Soils of the Western Nile Delta (region 2).	169
4.6. Soil classification.	180
4.7. Land evaluation.	190
4.7.1. Land capability classification.	190
4.7.2. Land suitability classification.	192
5. SUMMARY.	200
