No.	Title	Page
1-	INTRODUCTION	1
2-	REVIEW OF LITERATURE	3
	2.1. Influence of methods of raising nursery on the seedlings characteristics.....	3
	2.2. Influence of transplanting systems on crop yield and yield components.....	6
	2.3. Influence of the mechanical transplanting on the production costs.....	12
3-	MATERIALS AND METHODS	15
	3.1. MATERIALS :	15
	3.1.1. Wood species.....	15
	3.1.2. Exhaust oil	15
	3.1.3. Trays.....	18
	3.1.4. Transplanter.....	18
	3.2. METHODS :	22
	3.2.1. Wood preservation.....	22
	3.2.2. Seeds preparation.	25
	3.2.3. Transplanting trays preparation.....	25
	3.2.4. Nursery preparation.....	26
	3.2.5. Experimental design for nursery.....	26
	3.2.6. Experimental design for field	28
4-	RESULTS AND DISCUSSION	31
	4.1. Finding alternative trays to plastic trays for rice nursery	31
	4.1.1. Influence of the water soaking periods on the absorbed water percentage (%), for the two selected wood species	31
	4.1.2. Influence of the oil soaking periods on the oil retention percentage (%), for the two selected wood species.....	34
	4.1.3. Influence of the oil soaking periods on the absorbed water percentage (%).....	37

No.	Title	Page
	4.2. Nursery experiment.....	44
	4.2.1. Influence of the oil treatment and the bottom shape for the wooden trays on the seedlings height (cm)	44
	4.2.2. Influence of the oil treatment and the bottom shape for the wooden trays on the root length (cm)	49
	4.2.3. Influence of the oil treatment and the bottom shape for the wooden trays on the number of leaves/ seedling.....	49
	4.2.4. Influence of the oil treatment and the bottom shape for the wooden trays on the dry weight of seedlings (mg).....	53
	4.2.5. Influence of the oil treatment and the bottom shape for the wooden trays on the seedlings density (seedlings/cm ²)	53
	4.3. Field experiment.....	56
	4.3.1. Influence of the bottom shape for the wooden trays on the missed hills (%).....	56
	4.3.2 Influence of the bottom shape for the wooden trays on the sloped hills (%)	56
	4.3.3. Influence of the oil treatment for the wooden trays on grain and straw yield (t/fed.)	56
	4.4. Economical view.....	62
	4.4.1. Comparative study between the mechanical and the traditional transplanting systems.....	62
5-	SUMMARY AND CONCLUSION.....	65
6-	REFERENCES	71
7-	APPENDIXES	78
8-	ARABIC SUMMARY
