1. INTRODUCTION	1
2. REVIEW OF LITERATURE.....	3
1-Insecticidal activity of naturally occurring plant extracts...	3
1.A-Antifeedant activity against Lepidopterous insects.....	3
1.B-Toxicity activity against Lepidopterous insects....	17
II-Different effect of alkaloids.....	37
II.A. The effect of alkaloid as antifeedant	38
II. B. The toxic effect of alkaloid.....	48
3. MATERIALS AND METHODS.....	55
4. RESULTS AND DISCUSSION.....	67
I-Effect of plant extracts on tested insects <i>Agrotis ipsilon</i> (Hufnagel) and <i>Spodoptera littoralis</i> (Boisd)	67
I.1-Effect of plant extracts as antifeedant.....	67
I.1.1.a-Effect of squill extracts against the cotton leafworm.....	67
I.1.1.b-Effect of squill extracts against the black cutworm.....	67
I.1.2.a-Effect of halfa bar extracts against the cotton leafworm.....	70
I.1.2.b- Effect of halfa bar extracts against extracts against the black cutworm	72
I.1.3.a-Effect of belladonna (leaves) extracts against the cotton leafworm	72

	Page
I.1.3.b-Effect of belladonna (leaves) extracts against the black cutworm	75
I.1.4.a-Effect of thorn apple (leaves) extracts against the cotton leafworm	75
I.1.4.b- Effect of thorn apple (leaves) extracts against the black cutworm	78
I.1.5.a-Effect of Egyptian henbane (herb) extracts against the cotton leafworm	78
I.1.5.b--Effect of Egyptian henbane (herb) extracts against the black cutworm	81
I.2-Insecticidal effects of various plant extracts on 4 th larval instar of <i>Spodoptera littoralis</i> and <i>Agrotis ipsilon</i>	81
I.2.1.a-Effect of squill extracts against the cotton leafworm	81
I.2.1.b-Effect of squill of extracts against the black cutworm	84
I.2.2.a-Toxic effect of halfa bar extracts against the cotton leafworm	86
I.2.2.b- Toxic effect of halfa bar extracts on larval of the black cutworm	88
I.2.3.a-Toxic effect of belladonna extracts against the cotton leafworm	88
I.2.3.b- Toxic effect of belladonna extracts against the black cutworm	91

	Page
I.2.4.a--Toxic effect of thorn apple extracts against the cotton leafworm	91
I.2.4.b- Toxic effect of thorn apple extracts against the black cutworm	94
I.2.5.a- Toxic effect of Egyptian henbane extracts against the cotton leafworm.....	96
I.2.5.b- Toxic effect of Egyptian henbane extracts against the black cutworm	96
II.1-The effect of alkaloid as antifeedant on 4 th larval instar of the cotton leafworm and the black cutworm	99
II.2-The toxic effect of alkaloid on 4 th instar of the cotton leafworm and the black cutworm	102
III.1-LC ₅₀ values of investigated plants extracts the cotton leafworm	102
III.2-LC ₅₀ values of investigated plants extracts on the black cutworm	111
V-Percentage of solid percolate (gum) of different plant extracts.....	118
VI- Thin layer chromatography...(TLC).....	122
VII-High pressure liquid chromatography (HPLC)..	122
5. SUMMARY.....	126
6. REFERENCES.....	128
7. ARABIC SUMMARY.....	-
