

CONTENTS

	Page
1. INTRODUCTION	1
2. REVIEW OF LITERATURE.....	3
1. Varietal differences	3
2. Plant density	6
3. Phosphorus fertilization	12
3. MATERIALS AND METHODS	20
4. RESULTS AND DISCUSSION	26
I. Varietal differences	26
1. Growth characters and growth analysis.....	26
2. Yield and yield components.....	27
3. Seeds chemical analysis.....	30
II. Effect of Plant density on :.....	30
1. Growth characters and growth analysis.....	30
2. Yield and yield components.....	33
3. Seeds chemical analysis	37
III. Effect of Phosphorus fertilization on.....	38
1. Growth characters and growth analysis.....	38
2. Yield and yield components.....	40
3. Seeds chemical analysis	41
IV. Interaction effects	44
a. Effect of the first order interaction.....	44

1. Effect of the interaction between varieties and plant density.....	44
2. Effect of the interaction between varieties and phosphorus fertilizers.....	45
3. Effect of the interaction between plant density and phosphorus fertilizers.....	48
b. Effect of the second order interaction.....	48
5. SUMMARY	56
6. REFERENCES	61
7. ARABIC SUMMARY.....	-
