I. INTRODUCTION	1
II. REVIEW OF LITERATURE	3
I. Maize crop.....	3
1.1. Maize varietal differences	3
1.2. Effect of nitrogen levels.....	7
1.3. Effect of intercropping patterns.....	9
2. Mungbean crop.....	17
2.1. Maize varietal differences	17
2.2. Effect of nitrogen levels.....	19
3.3. Effect of intercropping patterns.....	20
3. Interaction effect.....	26
4. Competitive relationships and yield advantages	28
III. MATERIALS AND METHODS	33
IV. RESULTS AND DISCUSSION	46
I- Maize crop	46
1. Growth characters	46
1.1. Maize varietal differences.....	46
1.2. Effect of nitrogen levels	51
1.3. Effect of intercropping patterns	55

1.4. Interaction effects	58
2. Yield and yield components	65
2.1. Maize varietal differences.....	65
2.2. Effect of nitrogen levels	70
2.3. Effect of intercropping patterns	74
2.4. Interaction effects	78
3. Chemical analysis	86
3.1. Maize varietal differences.....	86
3.2. Effect of nitrogen levels	86
3.3. Effect of intercropping patterns	89
3.4. Interaction effects	89
II- Mungbean Crop	95
1. Growth characters	95
1.1. Maize varietal differences.....	95
1.2. Effect of nitrogen levels	98
1.3. Effect of intercropping patterns	101
1.4. Interaction effects	104
2. Yield and yield components	109
2.1. Maize varietal differences.....	109
2.2. Effect of nitrogen levels	114
2.3. Effect of intercropping patterns	117
2.4. Interaction effects	121

3. Chemical analysis	132
3.1. Maize varietal differences.....	132
3.2. Effect of nitrogen levels	134
3.3. Effect of intercropping patterns	136
3.4. Interaction effects	136
III- Competitive relationships and yield advantage	144
1. Maize varietal differences	144
1.1.Land equivalent ratios (LER)	144
1.2. Relative crowding coefficient (RCC)	145
1.3. Aggressivity (A)	145
2. Effect of nitrogen level	147
2.1. Land equivalent ratios (LER)	147
2.2. Relative crowding coefficient (RCC)	148
2.3. Aggressivity (A)	148
3. Effect of intercropping patterns	150
3.1. Land equivalent ratios (LER)	150
3.2. Relative crowding coefficient (RCC)	151
3.3. Aggressivity (A)	153
4. Interaction effects	154
4.1. Effect of the interaction between maize varieties and nitrogen level	154
4.1.1. Land equivalent ratio (LER)	154

4.1.2. Relative crowding coefficient (RCC)....	154
4.1.3. Aggressivity (A)	156
4.2. Effect of the interaction between maize varieties and intercropping patterns	156
4.2.1. Land equivalent ratio (LER)	156
4.2.2. Relative crowding coefficient (RCC)....	157
4.2.3. Aggressivity (A)	158
4.3. Effect of the interaction between nitrogen level and intercropping patterns	158
4.3.1. Land equivalent ratio (LER)	158
4.3.2. Relative crowding coefficient (RCC)....	161
4.3.3. Aggressivity (A)	161
4.4. Effect of the interaction between the three factors	162
4.4.1. Land equivalent ratio (LER)	162
4.4.2. Relative crowding coefficient (RCC)....	164
4.4.3. Aggressivity (A)	164
